

**Following Christ in a Scientific World**  
**Week 1, "Framing the Question"**  
**September 16, 2012**  
**Table Discussion Questions**

1. What are the biggest challenges to following Christ in a scientific world?
2. Why do you think the topic of "Origins" (how everything began) gets people so worked up?
3. What were you taught about origins growing up? Do you have the same views today?
4. What do you hope to get out of this course?
